

Residential Aged Care Billing

powered by  **PowerBilling & Revenue Collection**

Transform residential aged care billing with PowerBilling & Revenue Collection – a seamless integration now available within Resident Manager.

PowerBilling & Revenue Collection (PBRC) is an enterprise-level patient billing system specifically designed for the health and aged care industries, delivering functionality superior to generic ERP and financial systems.

Telstra Health is proud to now offer PBRC's capabilities in a seamless integration with Resident Manager.

How it works

PBRC connects to Resident Manager and other operational systems, gathering service data to support real-time residential aged care billing, and automating the billing process. PBRC delivers all billing and debtor management functions, eliminating the need for separate billing and accounts receivable systems.

Key benefits

Integration

PBRC automatically receives and processes real-time incoming patient and service data from Resident Manager and other systems.

PBRC Mobile

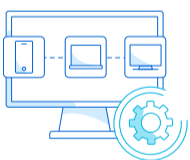

PBRC Mobile offers the ability to capture services accurately at the time of consultation to increase revenue by maximising timely and efficient billing that ensures all services are captured.

Dashboards

PBRC includes a library of default dashboards that you can refine yourself or copy and create your own to create an easy, visual way to monitor activity, worklists, billing, and rejections.

Why use PBRC with Resident Manager

Increase revenue and reduce costs

PBRC reduces manual processes, and correctly captures and identifies billable services. An extensive array of built-in system checks and automated processes increase efficiency and reduce labour costs.

Reduce unrecovered debt

Online prompts and reminders alert staff to arrears so that debt collection activities can begin at the reception desk when the patient arrives for their next treatment.

Exceed staff and patient satisfaction

One bill and one debt, coupled with better communication (SMS and email) improves patient experience. Improve staff engagement with clearer systems and processes.

PBRC Annual Digital Footprint*

PBRC, one of Australia's leading healthcare billing solutions, is now available for residential aged care providers via seamless integration with Telstra Health's Resident Manager.
